Conmat Heavy Industries Private Limited (CHIPL), formerly KYB Conmat Pvt. Ltd., has announced a major expansion with a new manufacturing facility in Bongaigaon, Assam, set to be operational by 2027. Located at Industrial Estate Noapara Manikpur, the facility will produce a wide range of concrete equipments, including batching plants, self-loading mixers, paving machines, transit mixers, concrete pumps etc along with earthmoving equipments as well.

This move aims to meet the rising demand for construction equipment in Northeast India, driven by infrastructure growth, while also improving access to export markets like Nepal, Bhutan, Bangladesh, and other nearby regions by leveraging lower logistics costs and improved delivery timelines.

Aligned with the “Atmanirbhar Bharat” initiative, the project is expected to boost regional industrial development and create significant employment opportunities. With this expansion, Conmat Heavy Industries continues to strengthen its position as a leading player in the global construction equipment industry, delivering high-quality, performance-driven solutions to customers across India and international markets.
